ART WAY ALLIANCE (for kids)

(Potomac 3)

FRIDAY 12:00pm - 1:00pm	The Power of Panels/Mapping Out Your Comic Story Comic book panels are an often-overlooked art. Like a director's lens, they determine scale, pace and how the reader perceives the flow of the story. Come learn how to use panels to create dynamic and engaging pages with AWA artist Keir Lyle.
FRIDAY 1:30pm - 2:30pm	Drawing Fanart Portraits (Workshop) Artist Mikki Kurisu will show you how to utilize reference materials to draw unique and interesting portraits of people from popular anime and comic books. From realistic photos to the drawings of other artists, learn how to pick and combine desired elements to create an original look for these well-known characters.
FRIDAY 4:00pm - 5:00pm	CYBER NINJAZ 2D GAME DESIGN Come breakdown the basics of 2D game design by using programs such as Adobe Photoshop, Illustrator and Game Salad to create and make your own version of Rocket League. - Hosted by Clarence Alexander
SATURDAY 10:30am - 11:30am	Kawaii + Create a Character Workshop Explore your inner self with Imani Brown by creating your own manga character or personal mascot. No experience needed! Just bring your imagination.
SATURDAY 12:00pm - 1:00pm	Getting Started in Comics Creating comics can be hard. Come and learn a few tricks to make getting started easier. From getting all your ideas organized, to where to print and publish your stuff, don't miss out on these tips from Jordan Clark.
SATURDAY 1:30pm - 2:30pm	The Art of Illustration Using random adjectives, nouns, and verbs, artists will practice creating their own characters with Kofi Jamal Simmons. This brainstorming project is a great way to warm up, before doing heavy drawing, that can be done anywhere.
SATURDAY 3:00pm - 4:00pm	Curls, Coils, Locks and Everything In Between: Drawing Hair and Textures Artist Brittany Pate teaches the fundamentals of drawing different types of hair for all your characters. From straight hair to locs, and curls to cornrows, come learn how to shape hair that conveys personality and diversity.
SATURDAY 4:30pm - 5:30pm	Traditional Inking to Digital Coloring: Process, Tools, and Techniques AWA artist Paolo Galang's unique style combines traditional inking and digital coloring to create dramatic art, and he's sharing his secrets for the first time at BlerDCon! Come learn the tools and techniques needed for traditional inking and digital color and discover how these contrasting mediums can work harmoniously in one piece
SUNDAY 10:00am - 11:00am	Shading and Value Techniques Join Matthew Huston as he teaches how to create shades and add value to push your work into new territory. Using basic shapes and a simple scale, discover how to convey mid-tones, high lights, and shadows according to a basic light source. There will also be a demonstration of how 2D and 3D differs when examining lighting.
SUNDAY 11:30am - 12:30pm	Color Theory with Fanart Ilsa Tang How teaches students how to utilize vibrant colors while using little to no blacks. Workshop also includes instruction in basic shading and light sources.
SUNDAY 1:30pm - 2:30pm	Drawing Dynamic Expressions Give your characters new life with dynamic expressions! In this workshop, Dennis Johnson teaches the basics of drawing facial features as well as how to manipulate them. This is essential for conveying emotions ranging from happiness and joy to anger and pain. Come discuss how facial features, expression, and body language can enhance your ability to portray strong emotion.
